Your Tribute Fund Guide

What is a Tribute Fund?

Creating a Tribute Fund in memory of someone is like having your own special memorial website dedicated just to them. The Tribute Funds are often set up for friends and family to share messages and memories about their loved ones. We have partnered with Much Loved to provide this special online in-memory Tribute Fund.

Your Tribute Fund webpage will stay open for as long as you want it to.

memories

The Tribute Funds are free for you to set up and use. We realise this is a special way for you to be able to share memories with your friends and family.

You will have full control over the public and privacy settings of your Tribute Fund and who you would like to be able to access the webpage.
